ChetanGaurkhede

## Skills

- **Languages** : JavaScript, TypeScript, CPP, Python, SQL
- **Front-End Development** : React.js, Redux, shadcn, MatarialUI, Tailwind CSS, Bootstrap, HTML, CSS, Wordpress
- **Back-End Development** : Node.js, API Development (RESTful APIs)
- **Other Technical Skills** : Docker, Git/GitHub, Figma, Team Collaboration

## Work Experience

### Freelance Self-employed, Remote

May 2024 - Current

#### Freelance Web Developer.

- Worked with a variety of clients to design and develop responsive, user-friendly websites and web applications using React.js, JavaScript, Redux, Material UI, Tailwind and backend technology. Focused on creating seamless, high-performing experiences that boosted both SEO and user engagement.

### DeveloperSpot, Remote

May 2024 - Sep 2024

#### Software Developer Intern.

- Collaborated with teams to develop features that aligned with user needs and business goals, while leading code reviews and debugging to ensure clean, maintainable code using React.js, Node.js, Tailwind CSS, and Bootstrap.
- Applied SEO best practices, increasing organic traffic by 15% and improving search rankings through component optimization and reduced page load time.

### Code MBS, Amravati

Jun 2022 - Nov 2022

#### Software Developer Intern

- Utilized JavaScript, HTML, CSS, MySQL, and Figma to build high-performing web applications that improved user experience and engagement. Optimized scripts to cut load times by 16%, boosting overall efficiency.
- Improved application performance, leading to higher user satisfaction and retention. Faster load times and better responsiveness created a smoother experience, encouraging users to engage more and return often.

## Project Work

### MDMultiservices SaaS Platform - [mdmultiservices.in](https://mdmultiservices.in)

- A responsive, SEO-friendly website was developed for MDMultiservices, enhancing user experience and engagement. Clean, scalable code aligned with business goals, boosting user retention and platform performance.

### Hostifyra - [hostifyra.com](https://hostifyra.com)

- HostiFire was redesigned to prioritize SEO and create a modern, user-friendly interface. These improvements boosted user engagement by 30% and increased session duration by 25%, thanks to better usability features.

### YouTube Video Transcript Summarize - [GitHub-Repository](#)

- Developed a web application that automatically summarizes YouTube videos, cutting transcription time by 50%. Designed a RESTful API for efficient transcript retrieval, enabling seamless summarization and easy access.

### Personal Portfolio - [Chetan\\_Portfolio](#)

- Crafted a highly responsive layout with Tailwind CSS, optimizing user experience across all devices.

## Education

### H.V.P.M's College of Engineering and Technology, Amravati.

Aug 2019 - June 2023

B.E. in Computer Science and Engineering

CGPA: 7.68/10

### Adarsh College, Dhamangao.

May 2019

Higher Secondary (HSC)
